Isaiah 58:10-12

Dear friends and family

We praise God for His provision and guidance this quarter. We have been really blessed with a lot of new things that's been happening. We would like to thank you for your prayers and support during this quarter. Sometimes it still amazes us that our family has grown to 20 in a matter of 9 months, a big family can be lots of fun and it certainly helps to have so many hands when there's work that needs to be done!

Some house news! If you think 10 teenage boys are living here, well, then it is going really well. Every Sunday evening we have "house meeting", where all the little differences are being sorted out between us. But at least it is mostly small things, like not finishing in the bathroom quickly enough (it's not only girls, boys are just as bad, if not worse!). We did have a sad part also, the boys has some rules that they have to keep, if they don't they have to sign a warning, if they sign 3, they have to leave the house. We had a boy that we had to ask to leave, which was really sad to us, but we had to do it. With the little ones it is going really well. They are showing progress almost everyday and are really a pleasure to us. We want to thank God for the changes we see in all the children that are staying here, all the glory and honor to Him!

In the beginning of this quarter we started working at a new farm school, Davidson Memorial School. It is a small school of 24 learners and is about 5km from us. We send the little ones that are staying with us to this school for now, it's not the ideal, we would really like to home school them. For now they have to go there due to a lack of extra hands to help us with that.

Donations

We have received a lot of donations this quarter and we praise the Lord for that. We have received a donation to build a jungle gym for the little ones to play on, we received bricks to build an extra room and bathroom. We got 20 blankets, so now we are ready for the winter. Tables and chairs were also given for the children to eat at. Some visitors came with two big bags of stationary and fabric.

We also started to build an obstacle course for the camps, which we plan to expand with time.

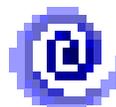

Helpers

A family from Denmark has come to help us in the mission. They will be here for about 8 months to help wherever they can and are needed. At the moment they are still looking where they fit in and what it is that they want to do. They are already a big help with the little ones that are staying here, they come twice a week to teach the children and play with them. We thank the Lord for them, they are a blessing with their open hearts and humble spirits.

Camps!

We had a grade 7 and 9 camp this quarter. It was a lot of fun, especially with the new obstacle course. We can see the difference in the children and how they have grown. This was the 6th camp that we have with the grade 9 children and we can't believe how much they have grown, spiritually but also physically. With every camp we get someone to come and talk to them, but with the grade 7 camp we decided that the boys that are staying with us will do the talking. It was a blessing to hear them talk about their experiences and relationship with God, we felt proud of them.

Zoo trip

We took the grade 3's of one school and all the little ones that are staying with us to the Zoo in Pretoria. Most of them have never even been out of Vaalwater town, so for them it was an amazing experience. They have enjoyed the day a lot.

Soccer Kit

We have started a soccer team with the boys that are staying with us and a few other boys from the location. Someone gave us the money to get them a soccer kit, which was a great blessing for them.

PRAYER REQUESTS:

- Food and clothing for all the children that are staying with us
- Another vehicle
- We want to expand the buildings so that we accommodate more children
- For the boys to keep on changing and to be a witness to others
- That the Lord protect the small children when they go home each weekend
- Finances for the coming year-end functions
- Finances to finish building the room and bathroom
- Finances for another room and bath room for the boys
- For the secondary school children for their final exams the end of the year
