## Isaiah 58:10-12

Dear family and friends

We can't believe that 2010 is already halfway over; it started with a bang and just carried on with the bang. This year we haven't slowed down from the start and lot of exciting things are happening. Our family has once again grown and we are now 38 members.

The social workers and police have brought two children to us this quarter, a brother and sister; Nyaleti is 9 years and Tinasha is 4 years. Their mother have abused them and the social workers felt that it will be safer for them to stay with us. In the 3 weeks that they are staying with us, we can already see the change in them.

We had two camps this quarter, a grade 7 camp and a grade 8 & 9 camp, it is a blessing to see how the children have grown and change.

We had two projects that were running during the first two weeks of the holiday. There was a leadership camp that 9 of our secondary school children attended. The whole camp was about integrity and how to implement it in daily live and the choices we make. There were three different groups from Johannesburg and Pretoria and us, it made for a lot of fun! Sibosiso was one of the speakers, he was the first black African to climb mount Everest. It was very inspirational and encouraging to hear his story.

The other project that we had was for 2 of the farm schools that we work in. A world aware - an organization for the USA has written a curriculum that we used for the project. The curriculum consisted of a bible lesson, music, art and crafts and sport. A group of young people from Johannesburg has assisted the young people that are staying with us to do this project. It was good for our children and we saw the potential growing in them.

We are still busy building. We moved the car port so that we could start with the foundation for the little boys room, it will be attached to the boys house. The guest/David and Lizette's room still needs a roof on.

## PRAYER REQUESTS:

- Food and clothing for all the children that are staying with us
- Another vehicle
- We want to expand the buildings so that we can accommodate more children
- For the boys to keep on changing and to be a witness to others
- That the Lord protect the small children when they go home each weekend
- Finances to finish building the room and bathroom
- Finances for another room and bathroom for the boys
